Boundaries Approved For Recreation District In S.V.

PROPOSED AREA WOULD INCLUDE 3,990 ACRES

SAN DIEGO (CNS) — The boundaries of the proposed Jamacha Recreation District in South Spring Valley were approved Tuesday by the County Boundary Commission, but commission members also voted to tell sponsors of the district that the name they have chosen is inappropriate.

Rudolph Benitez, commission engineer, reported that the district would contain 3,990 acres and that the area does not include any conflicting district territory.

Robert G. Berrey, assistant county counsel, then declared the name "for an area in South Spring Valley is a confusing one." He added that the area to be formed into the district is far from the part of the county most familiar as the Jamacha area.

Actually, the proposed district would include a large portion of the La Presa community, through which both Jamacha road and Jamacha boulevard pass.

Mrs. James Jordan Jr., the original sponsor of the district who heads the committee supporting formation of the district, and Supervisor David W. Bird in mid-September got the Board of Supervisors to ask the assessor's office and the registrar of voter to provide information on assessed valuations and registered voters in the district. The information is to help with petitions for the district.

Charles Sexton, registrar of voters, Monday reported to Supervisors that there are 5,145 voters in the area.

The district is to cover most of the Spring Valley Sanitation District, and the use of some county-owned land in that district for a recreation site is being considered.

Sgt. Cook has been working with the Heartland branch YMCA Youth Program Committee. The Co-ordinating Council has started a study of youth needs in the community.

Other items to come under discussion at the Monday meeting is transfer of funds from the Swimming Pool Assn. to the greenspot park; local welfare problems, and the possibility of presenting an annual band revue for junior high school bands.

The Council is made up of representatives of each club in the area and all interested residents ars invited to attend.

VLM STREET TO GET LIGHTING

SAN DIEGO (CNS)—Formation of a lighting district, to put 12 street lights in Blackton drive, Vista La Mesa, was approved Tuesday by the County Board of Supervisors.

The assessor's office reported that sufficient signatures had been received on petitions asking for formation of the district.

Bertram McLees Jr., county counsel, then told Supervisors they could call an election to let voters decide if the district should be formed, or if they thought the district was in the public interest, order its formation without an election.

"I move that we send this to the county counsel's office with an order to draw up a resolution to form the district without an election," said Supervisor David W. Bird.

"We thought this might be your intention, so the resolution is already prepared," said McLees.

"Good," declared Bird. "I move approval of the resolution," and the district became a reality.

Questions Charge of 'Yellow-Livered Rats' In Card-Party

This office was overwhelmed last week by readers who objected to an acticle regarding super-patriots who surreptitiously hid cards in the merchandise at certain stores. The cards facetiously asked the customer to buy communist merchandise in the store where the cards were planted.

In most instances, readers who contacted us insisted that we were mis-informed or pro-communists (we are neither). In nearly every instance resentment seemed to center on the phrase we used in referring to the card-passers as "yellow livered rats."

We admit our language was strong. We additionally admit we didn't see the actual passing of the cards so we cannot state categorically that the card-passers had a physical resemblance to rats. Beyond that we change no qualification.

It wasn't likely we would see the card-passers. Two persons, who readily admitted having part in the card party, did so by phone but refused to identify themselves. Those who visited us, disclaimed any part in the card party but admitted having heard about it.

Letters on the matter were unsigned.

To each and every one of these people, our position was made clear. Secret card passing is a tactic similar to some to the activities stemming from secret cell meetings.

Yet, it needn't be. If the organization feels its charge is just, it could pass cards just the same, but with the name of the accusing organization and the name of a responsible officer on it. . .just as law-abiding citizens are required to use on printed material having a bearing on U.S. political matters.

There is really no reason why the distributors of the cards shouldn't identify themselves. On the fifth of the ten pages of instructional material sent from their headquarters in Miami, Florida (a complete set of the material is in our files) the head-man says. . ."there is no law which says (you) cannot help a store advertise especially when what the cards say is the truth. Any attorney will tell you the best defense against libel is the truth. If the store is selling communist merchandise, and you distributed cards saying just that, no crime has been committed." End of quotes!

If there is no law against these cards, as Big Brother assures, let's come out from under the rocks and let the accused know his accuser, in the proud tradition of Americans.

Secret leadership of secret action groups is mob rule, and no group professing patriotism, wants that.

Utt's Criticism Of The Kennedy Administration Is Biting, Bitter

Congressman Utt, last week, sent a letter to the newspapers in his district and he used strong medicine to treat an ailment that accompanied the President's request for authority to call up 150,000 Reserves.

Congressman Utt said that he voted "no" and gave these as some of the reasons.

"It appeared to be a repetition of last year's call-up which the Pentagon admitted was a mistake which cost the taxpayers over a half million dollars. These Reserves were sent to Camps which were unable to house them properly and where they were not needed. It disrupted the lives of more than 150,000 men and their families, even though, during this so-called crisis, hundreds of troops in West Germany were "loaned" as props to Darryl Zanuck to film "The Longest Day," picturing the Normandy landing, and while the Wall of Shame was being built in Berlin.

"The President does not know how, when, or where to apply military power, and, if he did know, he does not have the courage to use it, as was indicated in his last minute re-

'Parked' Car Drives Into Hardware

BIG WINDOWS BROKEN — The front of the Lemon Grove Hardware Store at 3340 Main st., was damaged last Friday when a car parked in the street suddenly climbed the curb and bumped into the building at low speed. Customers in the store and people in the street turned to see what happened when two plate glass windows—one 8 x 9 feet—clattered to the ground when the vehicle struck. They saw that the car had a driver and some witnesses believed he had dozed off while waiting in his parked car.
Isaac Hill Cass, 75, a pioneer Grovan and a customer of the L. G. Hardware since it opened 17 years ago was the driver. He told the California Highway Patrol that he was with his son-in-law, Al Denlinger of 8215 Golden ave., who'd just gotten out of the car, a 1952 Pontiac to go into the hardware. The hydramatic was engaged and the motor was running as Cass waited.
No one was injured in the freak mishap.
Jerry Heath, assistant manager at the hardware said that Cass said he'd driven for 40 years without an accident. The CHP cited him for "poor driving technique." His car received minor damage.
In photo Cass holds arm where window was. His car's right fender is in left foreground.

Local Rocket Short of 'Orbit'

'Missileman' Injured When 'Rocket' Fails

It was a beautiful "rocket." Many matchheads and much patience on the part of Stephen L. Zimmerman, 18, 1624 San Altos pl., L.G., went into its construction. A supposedly empty CO2 cartridge was filled with wooden match heads. At 10:40 a.m. Thursday, young Zimmerman carried his masterpiece to a field near 2265 Berry, L.G., and attempted to light it. Watching him were Raymond W. Carr, 18, and Douglas A. Rue, 18, living nearby.

But the trial proved more error than success for the "rocket" blew up and Zimmerman emerged with a lacerated left foot and calf. He also suffered a cut in his forearm.

Witnesses said they did not see the explosion, but had observed Zimmerman carrying his rocket to the field. He was taken for repairs to Grossmont hospital.

CHECK BOUNCES AT LIQUOR STORE

Pat Bradley, 57, a night clerk at the Grove Liquor Store, 7245 Broadway, L.G., cashed a check for $80 for an acquaintance, he supposed he knew, on a purchase made at the store recently. The check was signed M. R. Hobson, La Mesa and was returned to the store as a "no account" check. The report was made by Mrs. Feliciana L. Bouton, owner of the store, to the Sheriff's Dept.

This is the third incident of its kind within the past several weeks at this location.

LEAVES 100 FT. SKID MARKS

A San Diego youth, Victor Paul Aranda, 18 was apprehended Saturday night at Broadway and Massachusetts after sheriff's deputies trailed him from a service station at Imperial and Central ave. He sped from the service station at high speed, without lights, leaving 100 feet of skid marks behind. He sped, without headlights until stopped.

Aranda admitted that he had been drinking and said three guys were chasing him. He was taken into custody and his car impounded.

CAR BORROWER STILL MISSING

Information was gained last week as to the whereabouts of Dick Koerner, 7406 Pacific, L.G., who borrowed the car from Pat Gonzalez, Watwood dr. in mid-September, for a no-return shopping trip, because of a long-distance telephone call to a neighbor. The call was from Mrs. Koerner, from Florida to ask for a loan, so that she might return to California. She said she had been abandoned there by Koerner who had gone north with the car and all the money.

Investigation revealed that Koerner and his wife came to California several months ago with Koerner's aunt and uncle. That they had been living with them, and uncle says that Koerner now owes him $400 for board and room and cash advances.

Cuba Unde
MIAMI (UPI) — A Cuban-built plane carrying three political refugees from Cuba flew to Florida undetected and unchallenged Tuesday until it landed at Miami's International Airport.
The Air Force said the rather peculiar looking biplane "was not detected because of its extreme low-level approach."
But in a statement issued by Col. Barney Oldfield of North American Air Defense (NORAD) command Headquarters in Colorado Springs, Colo., the Air Force said "we detected, a single aircraft of this kind would not constitute a scramble (interception)."
The Air Force defense network in the Southeast is monitored and controlled from Tyndall Air Force Base, Fla.
"The area of the Florida is served by a variety of detection and control systems and is being augmented by additional gap-filler radars with increased capability against low and slow-flying aircraft," NORAD said.
The plane was identified as a Russian AN2, designed originally as a 12-seat passenger and cargo craft. It was owned by the Cuban Institute of Agrarian Reform (INRA) and had been

Newspapers Make A Big Difference In People's Lives
Unites the Community
National and international news is essential, but the most important single function of a daily newspaper is local news coverage.
The city editor and his staff of researchers, reporters and desk men work around the clock to cover everything that happens within the community. The mayor speaks . . . the school board announces a decision . . . a three-alarm fire breaks out at dawn . . . a big corporation decides to build a new plant in the area . . . no matter what the story, the community newspaper has it.
Without this daily local bulletin the individual is isolated within his own community. The newspaper is his link to his neighbors—the big difference in people's lives.

LION'S CLUB GIVING $2,000 FOR SENIOR CITIZENS CENTER AT PARK

When Biff Gardner, the big wheel down at San Diego County Parks and Recreation Department told the Lemon Grove Coordinating Council some months ago that this community at last would get its park, he stated—or warned—that extra frills would be up to Grovans.

The Lion's Club, with Emmett Marshall as prime mover has come up with a park "extra" already—before most of the park is even completed. The Club has voted $2,000 for a senior citizens recreation area at the park. It will include four shuffleboard courts, four horseshoe play areas, two croquet areas and a covered table and bench area.

The money is for materials alone. Emmett said that from 800-1,000 man hours of work will be required to install the things. Some of this will be done by Lion's Club members.

Emmett said that the Lion's Club also is organizing a senior citizens' club. Those interested are to write: Lion's Club, Box 73, Lemon Grove.

The Lion's Club "frill" for the new L.G. park is a very nice one. If someone could come up with a swimming pool frill, the park would be complete.

New L. G. Club Aims To 'Take Off Pounds Sensibly'

by PAT McGEHEE

"Give me a double banana split, a piece of apple pie, three ice cream cones, some chocolate cake and make sure the helpings are big," said the lady at the counter.

She isn't a member of the Lemon Grove TOPS (taking weight off sensibly) club, a local organization for people who want to be thinner.

The TOPS met for the first time Tuesday two weeks ago at the Lemon Grove Medical Center reception room. The get-together consisted of about 20 ladies from Lemon Grove and Spring Valley with a common problem—overweight. The group will be meeting each Tuesday evening at the center.

The local branch is an offshoot of the San Diego County one which is an offshoot of the national TOPS. County "captain" is Mrs. Georgia G. Mangano who lives at 333 Rosebud ln., Heritage Homes. Because she lives near Lemon Grove and wants to see TOPS grow, she is fostering the L.G. TOPS with relish these days.

HEAD WEIGHT LOSER — Mrs. Georgia G. Mangano of Heritage Homes, shown before (left) and after losing 80 pounds in less than two years, is county captain of TOPS, a national weight-reducing club patterned after Alcoholics Anonymous. Nowadays she is concentrating on expanding the new club for Lemon Grove and Spring Valley people.

GARLOCK "LEADER"

Already the local gals have elected a "leader," Mrs. Mildred Garlock, receptionist at L.G. Medical Center. Mrs. Garlock heads the 34th club in San Diego County and she wants to see her organization grow because so many people are suffering from overweight and can make good use of TOPS.

What do TOPS members do that's so different? Nothing, really. Mrs. Mangano said the organization is patterned after Alcoholics Anonymous, and that TOPS doesn't promote any "fabulous fads" to eliminate weight.

"To the contrary," Mrs. Mangano said. "We stick to sensible methods, as our name indicates. We feel that every TOPS member should have a doctor and follow the doctor's orders. This is one reason the medical profession sanctions our club and is as anxious as we are to see it get bigger."

Mrs. Mangano, who lost 80 pounds in less than two years, explains TOPS philosophy in this way:

"We don't believe in not eating but in eating right. Fad diets and electrical exercising are out. Our main weapon against unwanted poundage is mutual aid; group therapy."

PESTER EACH OTHER

"We pester each other to trim down," Mrs. Mangano said. "One member even calls another in a weak moment when that fattening something seems irresistible. The call usually does the trick. At our meetings we constantly throw around a philosophy that has proved amazing in helping people get rid of weight."

When TOPS members meet, they get weighed first of all. The champion weight loser of the week then extols what she did during the week to accomplish the feat. "But she doesn't get credit if she merely didn't eat," Mrs. Mangano said. "Fat people should eat right, not torture themselves."

A TOPS club for men is in the works in the LG-SV area and a teen group is being organized too, according to Mrs. Mangano. Anyone interested in joining TOPS is invited to call Mrs. Garlock at 463-9201.

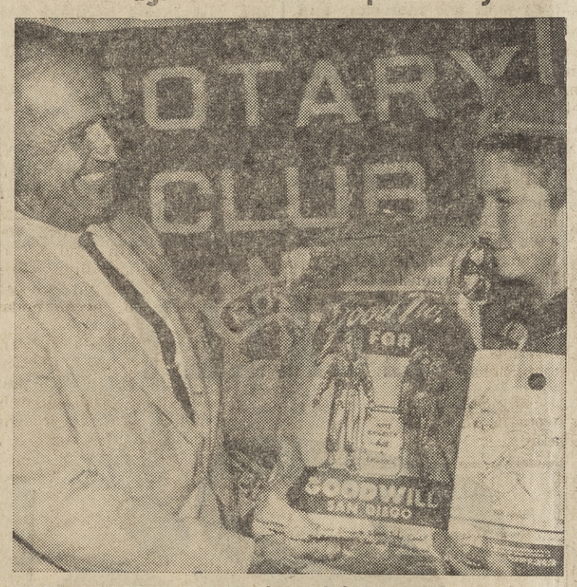

For a joke, one might start with, "Is this the ice cream parlor?"

Goodwill Bags To Be Picked Up Saturday

ROTARY IN DRIVE — Members of the Lemon Grove Rotary Club are taking part in the eighth annual "Good turn for Goodwill" drive which began last Saturday when Boy Scouts left Goodwill bags at homes in Lemon Grove and Spring Valley. This Saturday the Scouts will pick up the filled bags. Rotary members will go around after them to pick up any that they miss. Harlan Dye, Rotary secretary is shown with La Mesa Scout James Hogan, 13, who is among the hundreds of Scouts from the area who are participating. Some 15,000 Scouts in San Diego County Distributed 200,000 bags Saturday, it was reported. Dye said that bags are to be delivered to San Diego by the local chapter of the California Trucking association by volunteer teamsters. Rotarians are to supervise unloading of trucks at the San Diego warehouse. Later 165 handicapped workers at Goodwill Industries will repair items picked up Saturday.
auspices of the War Against Litter Committee
Scouts will be doing a second service this Saturday. Under auspices of the War Against Litter Committee they will be distributing anti-litter bags as they pick up the Goodwill donations, according to Arno Mueller, county anti-litter chairman.

PROFESSIONAL GROUP SAYS 'OK' FOR JANSEN

Sheriff A. E. Jansen has been unanimously indorsed for election on November 6 by the board of directors of S.D. County Chiropractic Society, Dr. Robert B. Botterman, president, announced.

"Our appreciation for Sheriff Jansen's outstanding record and his long experience in law enforcement service in San Diego County prompted our Society to support him in the general election," Dr. Botterman said.

He credited Sheriff Jansen's policies as being a major factor in San Diego County's low crime rate which is well below that of the average for the state.

MOTHERS WANT BETTER AMBULANCE SERVICE, REDUCED SPEED LIMIT AFTER BOY IS INJURED ON SKYLINE

Dear Editor:

On a cool, dreary morning this week, we heard a siren screaming in our neighborhood and soon many people were stopping on this very busy street (we call it "the Freeway.") A young boy was lying in the street; his school books, sack lunch and his bicycle were strewn about him. Have you or your readers ever come upon such a scene? We did!

People were helpful and the Sheriff was kind and did not leave the youngster's side, but what angered us (all mothers of young children), was that this boy had to lie on the pavement, hurt and cold, for a half hour or more before an ambulance arrived. The Sheriff called at least three times and finally the ambulance came. We wondered from where, if it took this long. We also wonder why Lemon Grove can't have such a service? We feel lives can be saved if such a service could be made available in this community. Possibly an emergency vehicle could be stationed at our Fire Station.

We mothers are very concerned about this busy street called Skyline Drive, not to mention Palm and a few others. But Skyline Drive is a death trap. Next time a child injured on this street may not survive and may not be as fortunate as this lad was. With no sidewalks and many children walking to school, we feel Skyline Drive's speed limit is too fast (30 Mi. Per Hour.) We also feel this street where cars and huge trucks have been clocked at 45 miles per hour, must be patrolled more rigidly than it has been.

We wish to thank you for printing this letter and for the opportunity of bringing this dangerous situation before your readers.

Yours very truly,

'Food, Fun, Fellowship' Theme Of Girl Scout Neighborhood Potluck

"Food, Fun and Fellowship" was the theme Sept. 28 when the Lemon Grove Neighborhood Association of Girl Scouts held a "dime-a-dip" potluck at L.G. Junior High school. The function was for all L.G. Girl Scouts and their families. A bazaar of articles made by girls and leaders was held with the potluck.

Chairmen for the affair were Mrs. R. E. Pollard, Mrs. Charles Richardson, Mrs. Eugene Hall, Mrs. R. S. Kotnik and Mrs. James Burton.

The meeting day of the association has been changed to the third Wednesday of each month at L.G. youth center from 9:30 a.m. to noon. All leaders and assistant leaders are urged by the association to attend. Anyone interested in the Girl Scout program is cordially invited, it was announced.

L.G. BWL Urged To Support Prop. 24

The Lemon Grove Business Womens group held its regular dinner meeting at the home of Mrs. J. Durham last week.

Their program for the evening consisted of a discussion by John L. Stennett, attorney at law, on Proposition 24, the Louis Francis Amendment. Stennett emphasized the need in the State for a strong anti-communist measure such as the Louis Francis Amendment, due to the concentration of subversive activities here. He said that the passage of the Louis Francis Amendment would give the State of California the strongest anti-communist measure of any State in the Union.

fusal to support the well-planned Cuban invasion at the Bay of Pigs, thereby consigning thousands of Cuban patriots to a living death.

"The Administration continues to be bluffed, bullied and blackmailed by the Kremlin, and the call-up of 150,000 Reserves would not alter this "no win" policy nor cure the "yellow fever" to which the Administration has succumbed.

"The regular draft call-up during the build-up of the most recent crisis was dropped from more than 10,000 a month to 4,000 a month, indicating no need for additional men."

No matter how you try to read some charity into Utt's caustic criticism, it just isn't there.

What's more, you won't find errors in the charges, either.

It's Safer To Buy At Home

There are many reasons for shopping in your own home town and like many another bargain seeker, we all succumb to blandishments of the "hard sell" merchant from out-of-town from time to time.

In this light we share with you a letter received by the San Diego Better Business Bureau recently.

Dear Sir,

I got a De-Luxe Drier Doll for Christmas. The drier wouldn't work. My father tried tto fix it. He couldn't fix it because there was no place to put the battery in it or no place to turn it on. On television it said it would work.

"I saw it on Channel Four and Channel Two. It should really work if they put it on t.v. I want to know why they put it on t.v. if it doesn't work."

The letter was from a girl in the second grade. The Bureau wrote two letters to the station requesting that they send the young lady adequate instructions for installation of the battery or tell her where the toy might be sent for adjustment. Neither letter was answered, the Bureau said.

In such cases it is far better to buy at home where you may enjoy the privilege of talking with the merchant and getting an adjustment. You may also be better assured that claims for the operation of the toy are factual. . .as well as the price comparisons. Local merchants seldom compare items with a mythical "manufacturer's list price" or use "sells elsewhere for $xx" nonsense.

With Christmas advertising already beginning to appear, it should suggest to all shoppers to be wary of drastic price comparisons and to hesitate buying from away from home firms which have no sound business reputation.

BURNS GETS M.A. FROM STATE COLLEGE

William R. Burns, assistant business manager of the Grossmont Union High School District, has been awarded the master of science degree from the department of political science at San Diego State College. His thesis is titled "An Investigation of the Assessed Valuation of Four Selected Elementary School District."

Burns' thesis topic grew out of concern over the inability of the local tax base to support education because of the rapid growth in population not paying taxes on property other than their homes.

Two Resuscitator Runs Made For Same Family

The Lemon Grove Fire Department made two resuscitator runs for one family last week. The first was for Mario Randazzo on Oct. 6 at 2:35 a.m. A resident of 3161 Citrus st., Randazzo was declared dead on arrival at Grossmont hospital from an apparent heart attack. He was taken there after firemen treated him without success.

He collapsed at La Cantina at 7340 Broadway, L.G. where he was owner. (See story this issue 1.)

Firemen reported that his mother-in-law who flew out from Detriot, Mich., for his funeral required resuscitator treatment on Oct. 7 at 9:51 p.m. at 3161 Citrus st. Reportedly tired from the long trip, Mrs. Nazle Daas was doing okay after the treatment, firemen reported.

Home Ownership Could Halt Castroism In Latin America Local Loan Assn. Man Says

WASHINGTON, D.C.— John A. Davis, board chairman of the Southland Savings and Loan Association, Broadway and Main, Lemon Grove, said that the creation of thrift and home ownership programs in Latin America would help substantially to prevent the spread of Castroism in the American republics.

Attending the Ninth Congress of the International Union of Building Societies and Savings Associations, Davis said that establishment of savings and loan associations under this program would help at the same time to alleviate serious shortages of housing such as exist in Mexico and other Latin American nations.

Davis noted that savings and loan development is the major topic of discussion among the more than 400 thrift leaders representing 27 nations participating in the worldwide Congress in Washington at the Mayflower Hotel.

Interest in the thrift program, he reported, has reached a point where legislation will be introduced in Congress to establish an International Home Loan Bank to facilitate the creation of private savings and loan associations in Latin America.

Mr. and Mrs. Davis are participating in the Congress as official delegates of the National League of Insured Savings Associations which has played a major role in helping to extend the thrift and home ownership concept to other lands.

All of the motorcycle greats of San Diego county will be at the track for this Saturday night's racing starting at 8 p.m. With the county championship at stake, riders will probably frequently take to the air to make it to the finish line first.
Sunday night at 7:15 p.m. another Claiming Stock Cars race will be held. The track reported that last week cars flipped, rolled, landed on their tops and in general took such a beating that not exactly all the drivers completed the race. Fans can expect more of the same this Sunday, the track said.

The Associated Students of Grossmont College have budgeted $53,417 for activities during the 1962-63 year, more then doubling the 1961-62 budget. College enrollment has increased 61 per cent this year.

The 1961-62 budget was $21,097. Revenues totalled $26,717. This year's budget shows a considerable increase in athletic expenditures, since the new Junior college is engaging in intercollegiate sports for the first time.

The college kicks off its football season tomorrow, Saturday night against Fullerton Junior College at Helix High School stadium.

Matadors Regain Old Form; Wallop E.C. Highlanders

by BILL OTT JR.

Mt. Miguel's mighty Matadors showed signs of old last Friday night with a stunning 19-13 come-from-behind victory over favored El Cajon in the league opener for both teams played on the Matador turf.

Approximately 4,000 fans watched the Miguelers play a sloppy first half, trailing 13-6, only to come back in the second half and with a display of fine offensive running and blocking to scalp the Braves.

Friday night the Matadors have another tough assignment in a showdown battle with arch-rival Helix on the Scottie turf. Both teams are expected to be in good physical condition with the exception of a few Highlander backs out with injuries. Kick-off time is 8 p.m.

Monte Vista Takes 20-0 Lacing In League Opener

Helix High's Highlanders, defending Grossmont League champs opened their league schedule with a 20-0 victory over winless Monte Vista on the Helix green last Friday night.

The Monarchs coached by Doug Gorrie held brother Dick Gorrie's Helix charges scoreless in the first half, but were unable to contain the Scots who tallied for 14 points in the third quarter and 6 in the final chapter for the 20-0 decision.

New Marina Puts Pleasure Back In Pleasure Boating

Two new buildings, dominating the skyline of Mission Bay Aquatic Park, are reported to house one of the West's finest and most modern power-boat marinas, it was reported this week.

Perez Cove Marina, serving the needs of boat owners everywhere in San Diego and Imperial counties, is bringing to this area the best marine facilities available, according to Hermon Poe, president and general manager. It offers 24 hour dry-land storage; slip storage for larger craft, and a unique new "valet" service which puts the pleasure back in pleasure boating.

According to Poe, this permits a boat owner to order his craft launched, fueled and ready to go by telephone. After the day's cruise, attendants wash it down and return it to dry storage.

Church Women Plan Observance Of World Community Day Nov. 2

CHANNELS TO PEACE — The Homeland Council of Churchwomen, which includes the women of six Lemon Grove and Spring Valley churches will observe World Community Day this year with the theme, "Deepening the Channels to Peace." The observance will be held at Lemon Grove Methodist Church at 10 a.m. on Nov. 2, according to chairman of the Council, Mrs. Curtis Barlow.
This year Southeast Asia, especially Indonesia will receive gifts and monetary contributions from the Council, members of which have been making up sewing kits which will be used at a community center in Surabaya, Indonesia to teach women how to sew. Other gifts include cotton yardage, blouses, T-shirts and shorts. Each one in attendance at World Community Day at the Methodist Church will have an opportunity to make a money donation too, Mrs. Barlow said.
In photo Mrs. Irwin Smith, left, assistant chairman of the event presents yardage to Mrs. Wilhelmina Kreckler, who with her husband and two sons are Indonesia refugees brought to Lemon Grove to live at 7494 Pacific st. by L. G. Methodist Church and who is representing Indonesia in the Nov. 2 program, and Mrs. Barlow, shown holding a poster depicting the theme of World Community Day.
Mrs. Barlow said that the observance will be held with a "fly to Southeast Asia" decor at the church.
People will find the church foyer made into an airline terminal, Mrs. Barlow said. They will purchase airplane tickets, which will be the money donation to be sent abroad, and then they will be taken on an "air" tour through Southeast Asia. Four hundred invitations have been mailed out for the occasion.
Six churches comprise the Council—First Congregational of Lemon Grove; St. Philip's Episcopal, L. G.; Warner Memorial Brethren Church, S. V.; S. V. Friends Community Church; First Baptist Church of S. V. and L. G. Methodist.

GOD'S MINUTE

REV. H. C. BAKKEN

"SALVATION"

When God placed modern man, beginning with Adam, in this world, He knew what the man would do when faced with temptation. Adam was given a free will as was his wife Eve. Satan was already present in the world and had access to man's habitation. Man deliberately chose to listen to the Tempter who made sin look like a very desirable experience. With the fall of the first man, every succeeding person born into the human race comes into the world needing to be saved from sin.
